***[https://www.svrkgdc.ac.in/Departments.php?
show=Computer%20Science](https://www.svrkgdc.ac.in/Departments.php?show=Computer%20Science)***

Objective:

- To enhance teaching and communication skills among 3rd-year students.
- To promote peer-to-peer learning and mentorship between senior and junior students.
- To help 1st-year students understand their syllabus topics clearly through interactive sessions.
- To build confidence, responsibility, and leadership qualities among seniors.

Description of the Activity:

The 3rd-year Computer Science students prepared and presented lessons based on the 1st-year syllabus topics. Each senior student explained key concepts using whiteboard discussions, and practical examples. The 1st-year students participated actively by asking questions and engaging in discussions. Faculty members observed the sessions and provided feedback on both the content and delivery. The sessions created an encouraging environment where juniors learned from their seniors with comfort and interest.

Activity Title: Making of Water Candles for Diwali

Class: III B.Sc. (Computer Science) Major

Date: 17.10.2025

Lecturers Involved: 1.B. SOUJANYA, Lecturer in Computer Science.

2. M V KALYANI, Lecturer I Computer Applications

Objective :

The objective of this activity was to promote creativity, scientific understanding, and environmental awareness among students by creating decorative and eco-friendly water candles using natural and easily available materials for Diwali celebrations.

Activity Description :

As part of Diwali celebrations, students enthusiastically participated in a creative hands-on session to make eco-friendly water candles using sesame oil, water glasses, cotton, water, color paper chips, and kumkuma. Students filled transparent glass containers with water, added a thin layer of sesame oil on top, and floated small cotton wicks in the oil. To enhance the visual appeal, they decorated the glasses with color paper chips and added kumkuma for a festive glow.

The candles, when lit, created a warm and colorful ambiance while demonstrating the scientific principle of oil-water immiscibility. This activity beautifully combined art, science, and tradition, encouraging the celebration of Diwali in an eco-conscious manner.

Our Departments Eco-Friendly Diwali Slogans:

1. ***"Light up lives, not the sky — celebrate Diwali with eco-friendly diyas!"***
2. ***"Let your light shine bright — without smoke or noise this Diwali night!"***
3. ***"Celebrate with light and love, not with fire and smoke above!"***
4. ***"A Diwali that glows in hearts, not one that pollutes the air!"***
5. ***"Spread brightness, not pollution — choose water candles, a green solution!"***
6. ***"Shine with nature's glow — make Diwali pure and eco!"***
7. ***"Our candles float with peace and care — a Diwali that's clean and fair!"***
8. ***"Illuminate minds, not the environment — go green this Diwali!"***

Learning Outcomes

- ***Learned the process of making eco-friendly water candles using simple materials.***
- ***Understood the scientific concept of density and immiscibility.***
- ***Enhanced teamwork, creativity, and festive enthusiasm.***
- ***Promoted awareness about sustainable and pollution-free Diwali celebrations.***
