VII- A - C) Waste Management

SVRK Government Degree College, Nidadavole

West Godavari, Andhra Pradesh- 534301

SVRK Government Degree College have the following management systems for degradable and non-degradable waste management.

Solid waste management: Solid Waste generated from our institute is segregated into organic waste and inorganic waste which is collected and processed separately. The organic waste is composted with in the campus area and converted in to manure which is used for gardening.

The **Liquid waste** of the campus is managed in 2 ways:

1. The outlet of liquid waste of the laboratory (chemistry lab) is connected to the plants in the garden beside of the college as there is very minimal percentage of chemical wastes.
2. The water from the R.O. plant and drinking water taps connected to the garden of the college and irrigates the plants.

E-Waste Management:

The electronic equipment such as computers and its accessories from computer department and various labs are collected and handed over to college for exchange of new computers and accessories. Until which it is stored in a separate designated room. There is a Scrap Disposal committee that looks after the disposal of the e-waste and solid waste.

Wastes recycle system: The garbage and wastes of the day to day is collected in dustbins placed in various corners of the institution. In the evening all the garbage is collected in one big dustbin. The dry and wet wastes are kept separately.

The institution has no bio-medical waste. The campus is free of hazardous chemical and radio-active waste. Therefore, there exists no management system of these wastes.
